

Name: _____

Conducting an Electricity Excursion about Electric Current

"The What"

- You are going to conduct (perform) an *Electricity Excursion* (trip) to learn more about ELECTRIC currents.
- You and your lab group will receive an electricity kit and model book to help you build your circuits.
- For each circuit you complete, you will need to complete the "Circuit Page" which includes inserting a picture of your circuit on the page.
- Below is the list of circuits you will need to complete.
- When you finish all of your circuits and Circuit Pages, let Ms. Axon or Mr. Clough know
